‘प्रयोगज्ञस्य वैद्यस्य सिद्धिः भवति नित्यशः।

As rightly said by Acharya Sushrut, one who does experiments and practice repeatedly becomes "Siddha" i.e. expert Vaidya. Our ancestors knew the importance of experiments, observations and research and that is why various Acharya have contributed to the texts of Ayurved with their insights and inputs. Additions in Bruhat trayi, commentaries on various classics and formation of nighantus are the evidence of continuous research process of those times. In today's era, research has gained utmost importance in Medical field. In Ayurvedic science, use of Research methodology and Statistics help for revalidating the concepts in Ayurvedic classics, redefining the indications of drugs and procedures for the diseases with modern nomenclature and formulating new drug regimens for unanswered diseases.

Hence a National Level Seminar was organized by the Department of Shalakyatantra., B. R. Harne Ayurvedic Medical College, Karav - Vangani. on the

topic of Recent Advances in Eye - ENT Disorders & Importance of Research Methodology - Statistics on 08.08.2022 at 10.00am onward. Due to the post pandemic Situation, the Seminar was scheduled online through the Zoom platform. It was also live streamed on YouTube through the college's channel.
